

GO ONE

Bike-Sharing is booming...

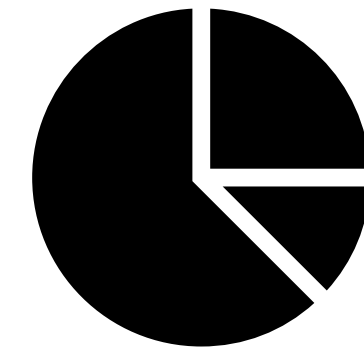

Over **1250** bike-sharing provider worldwide

Market expected to grow by **20%** per year to a EUR **7-8 billion** market

Alibaba, DST Global and others spotted the potential and invested more than USD **2.2 billion**

40.4% of bike sharing users, rent a bike **more than once a week** according to own survey

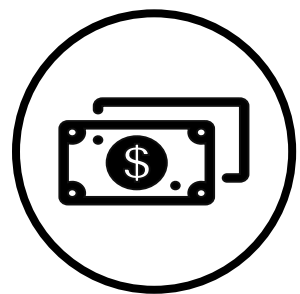

More than **10 million** shared bikes worldwide

... but so are the customer pain points!

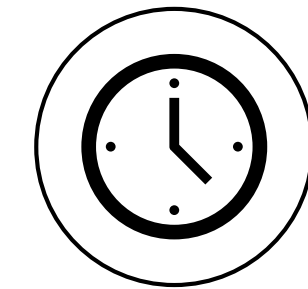

26.5% of bike sharing users have **more than one app**

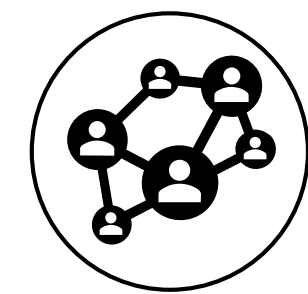

**NO AGGREGATED
OVERVIEW OF BIKES**

**NO PRICE
COMPARISON**

**TIME
CONSUMING**

**DIFFERENT
ACCOUNTS**

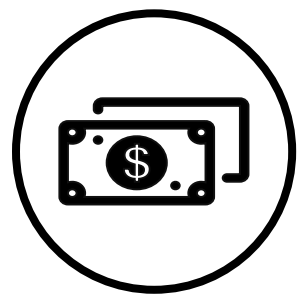

Our solution is Go One!

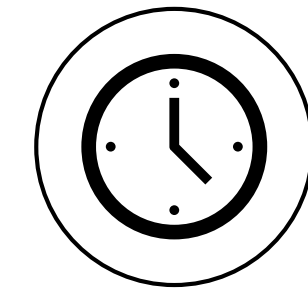

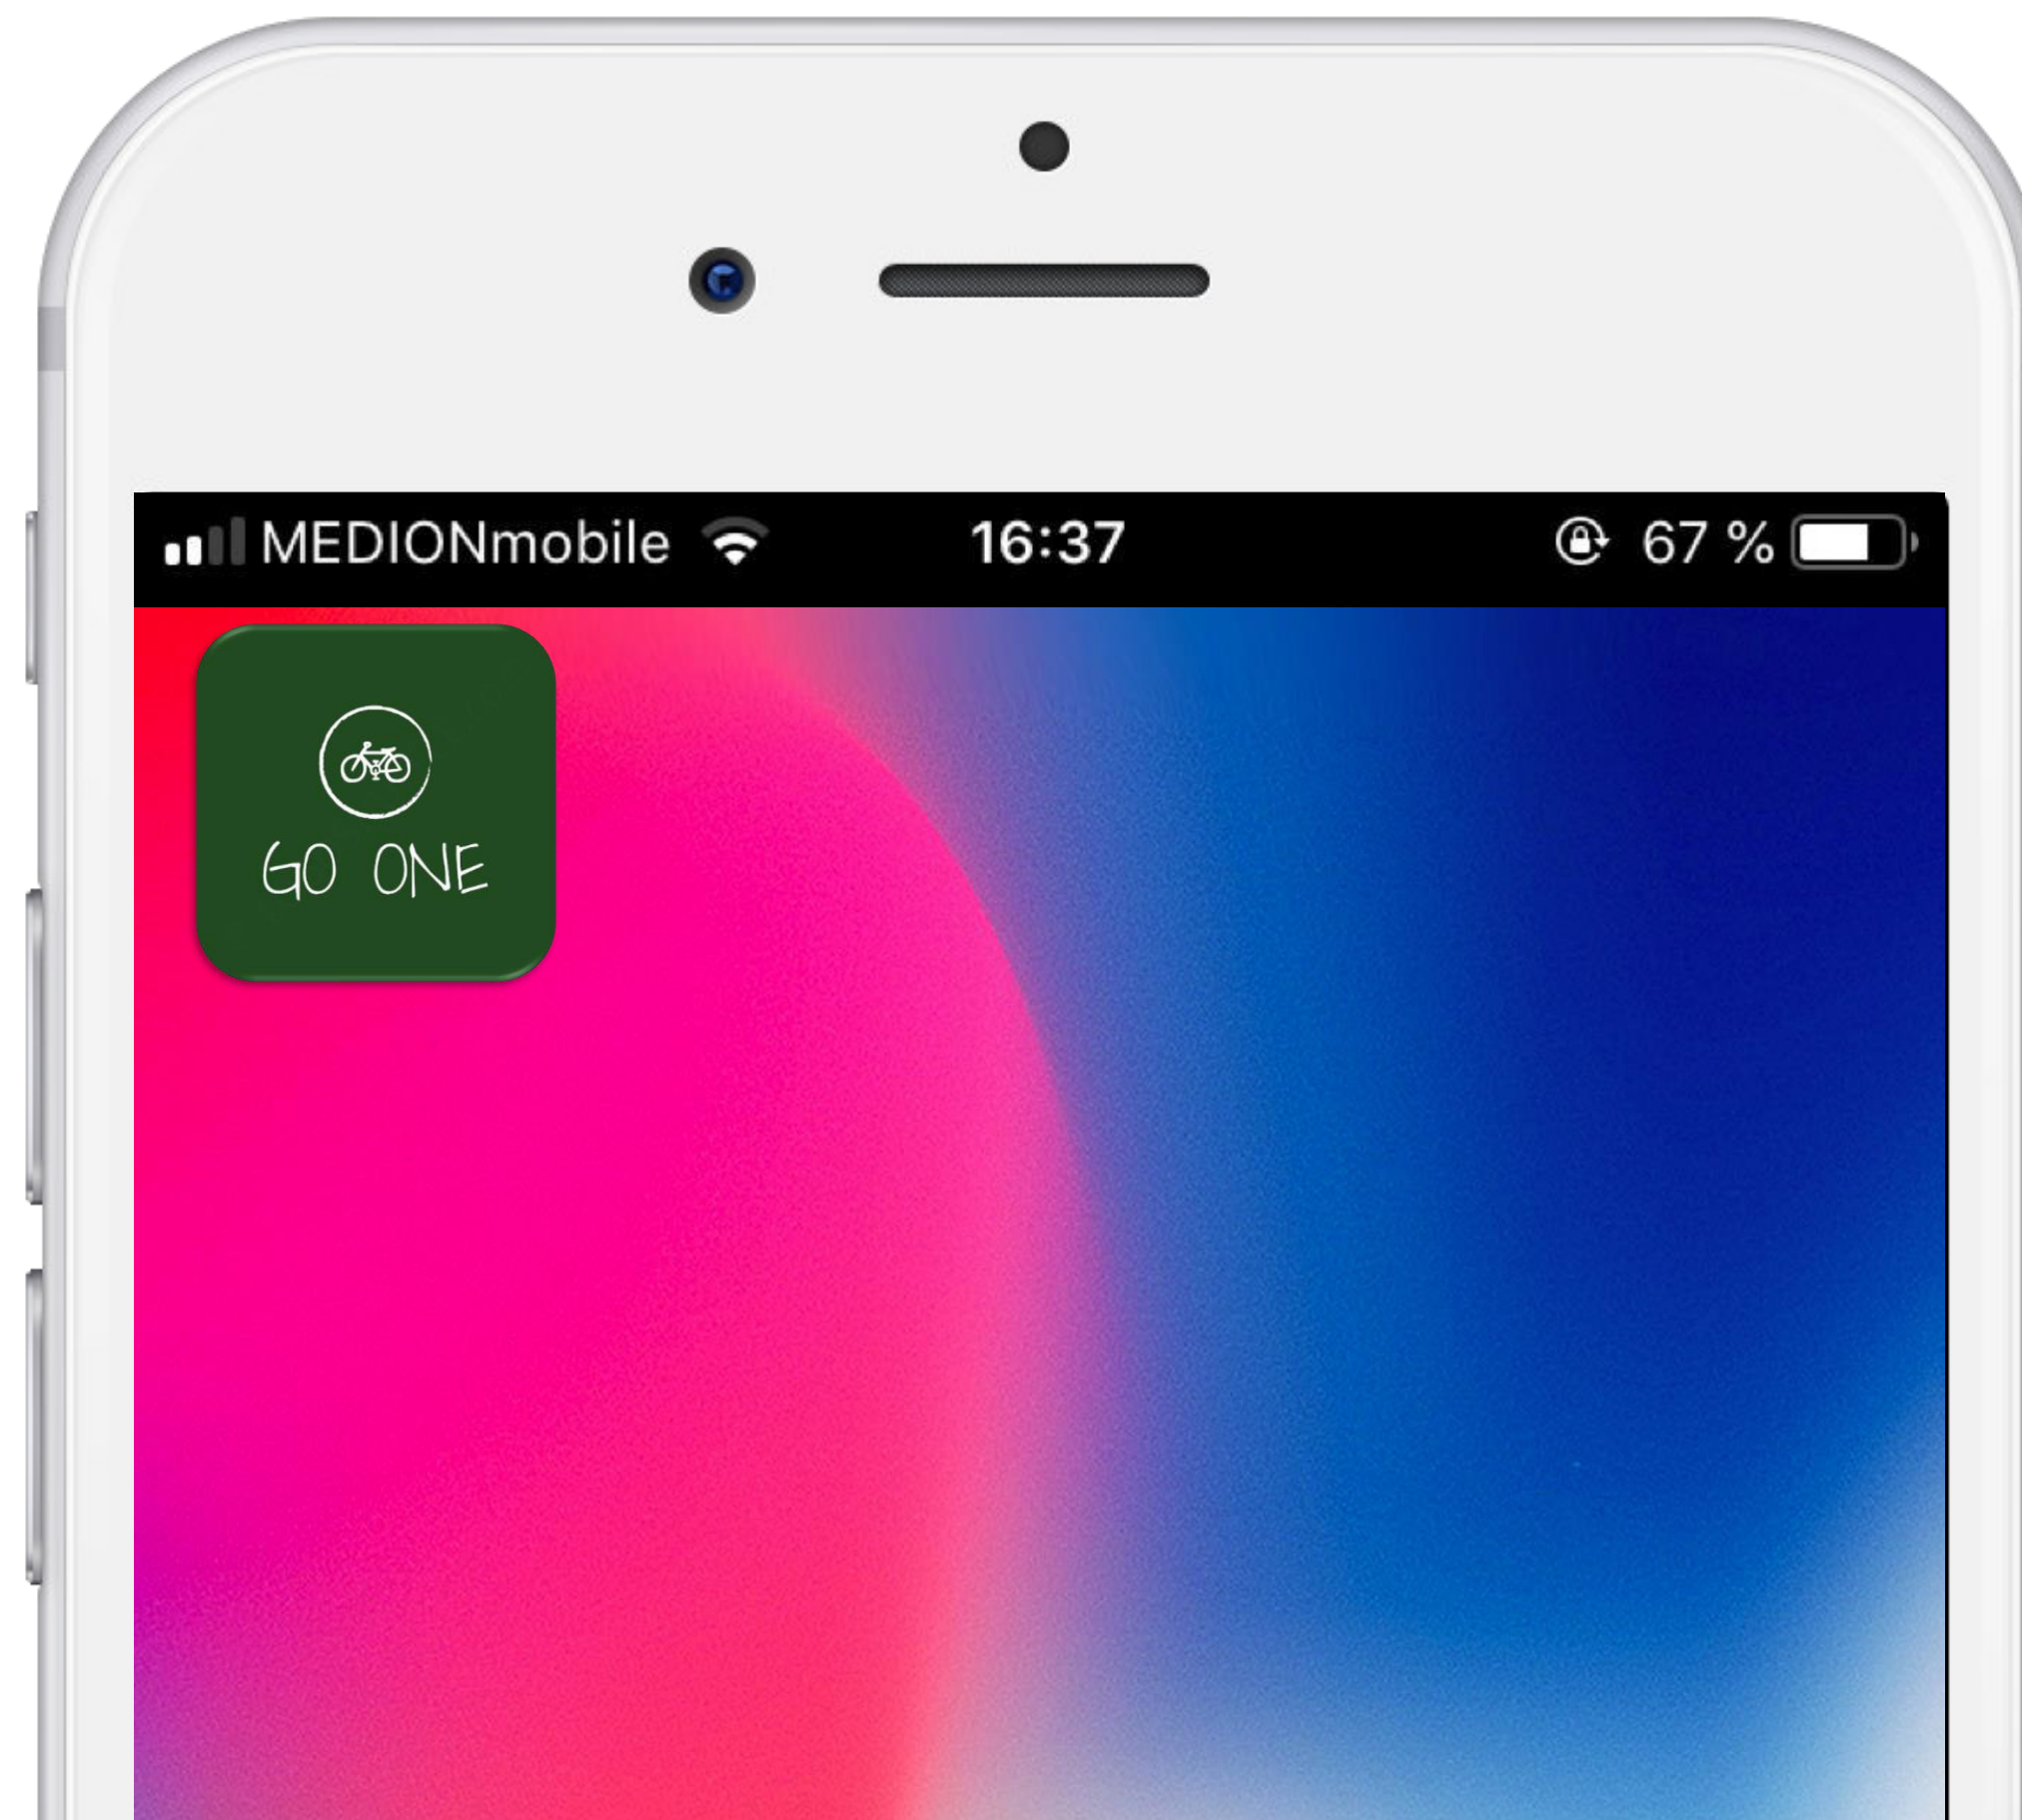

One App that combines all other bike sharing apps

You only need one app to scan all available bike sharing providers!

Sources: FordBike, Nextbike, Mobike

And this is how you find your bike with Go One!

1

Overview of all available bikes in your area

2

Use filters (i.e., to filter for a specific provider or lowest price)

3

Choose your bike

4

Pay through our app (i.e., via credit card or PayPal)

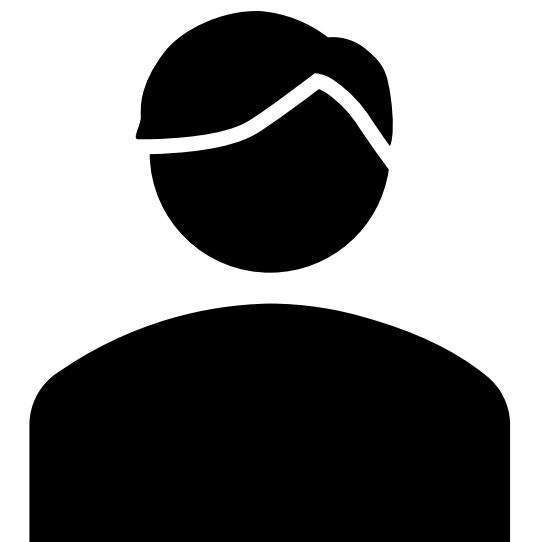

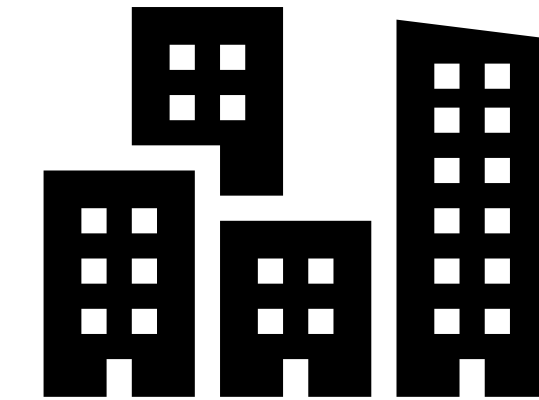

5

Unlock your bike (i.e., scan QR code and receive numerical lock code)

Sources: FordBike, Nextbike, Mobike

Our target customers ...

... and their users

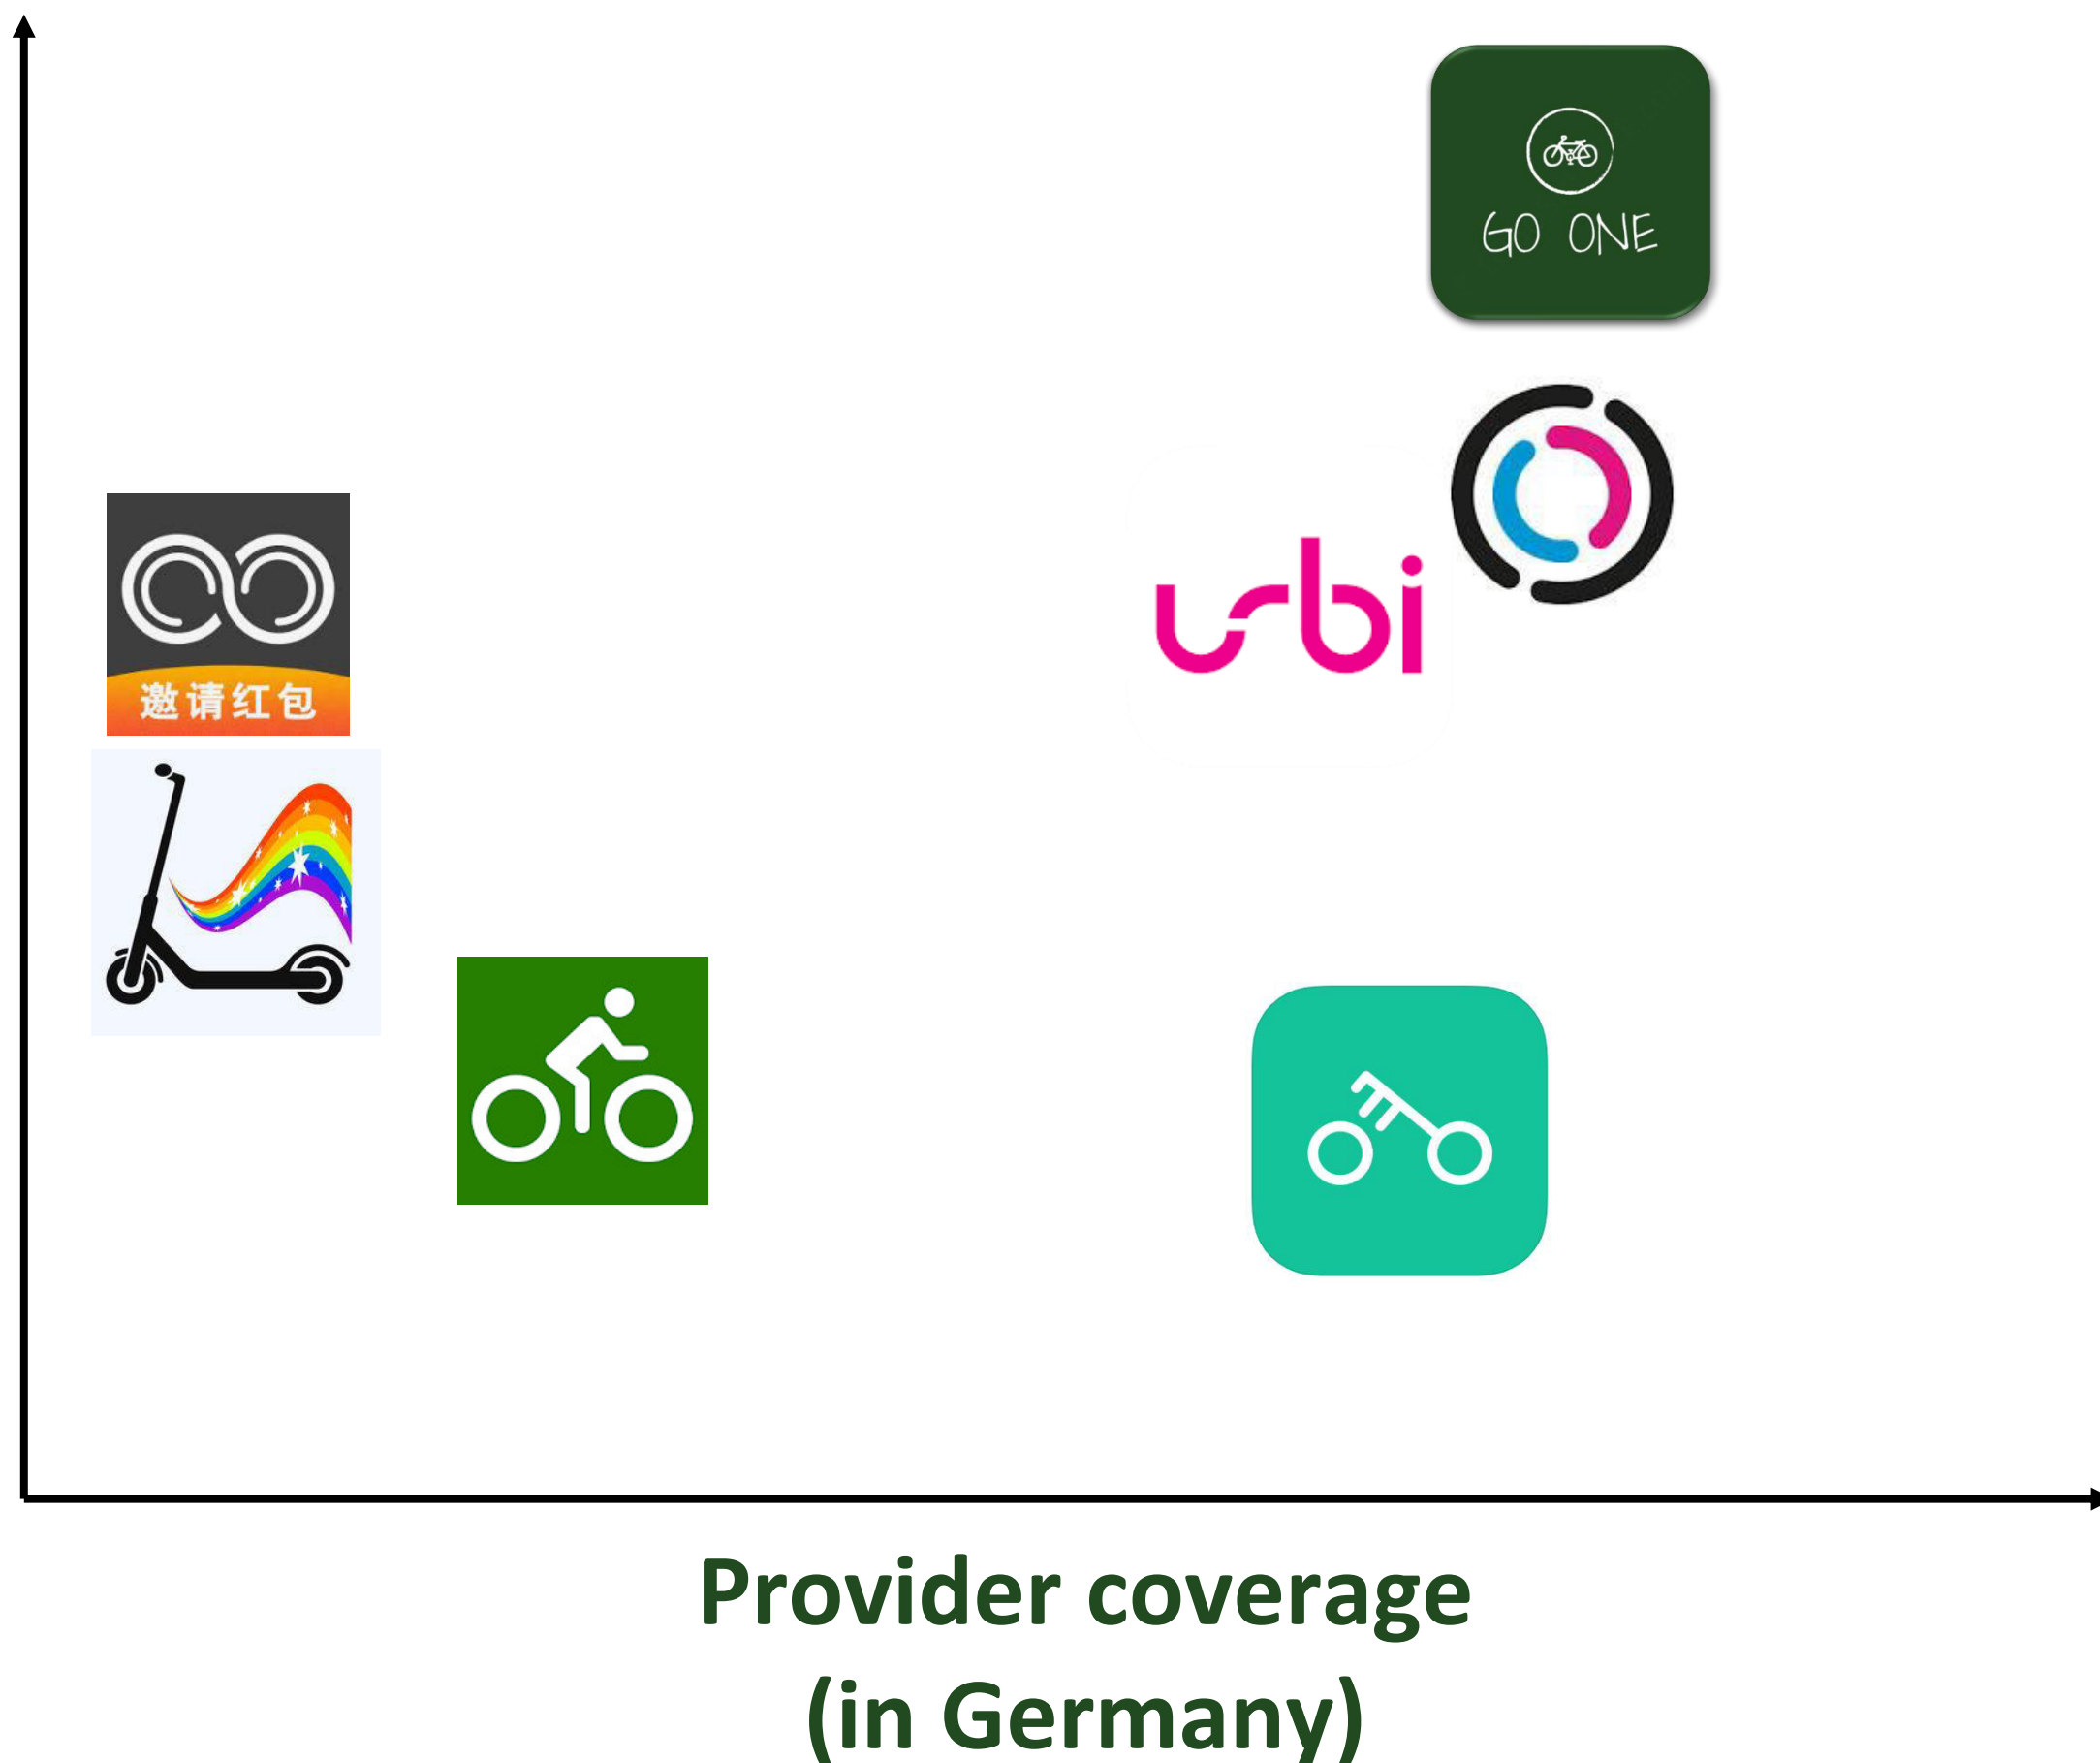

- Nextbike
- Call a Bike
- Donkey Republic
- Mobike
- Byke
- Limebike
- etc.

- 50% between 25-44
- 71% male users
- 65% academics

We want to exceed our competition in terms of functionality!

Functionality

How can we compete?

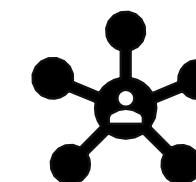

1 Go fast to market with our MVP

2 Build and foster relationships with bike sharing providers

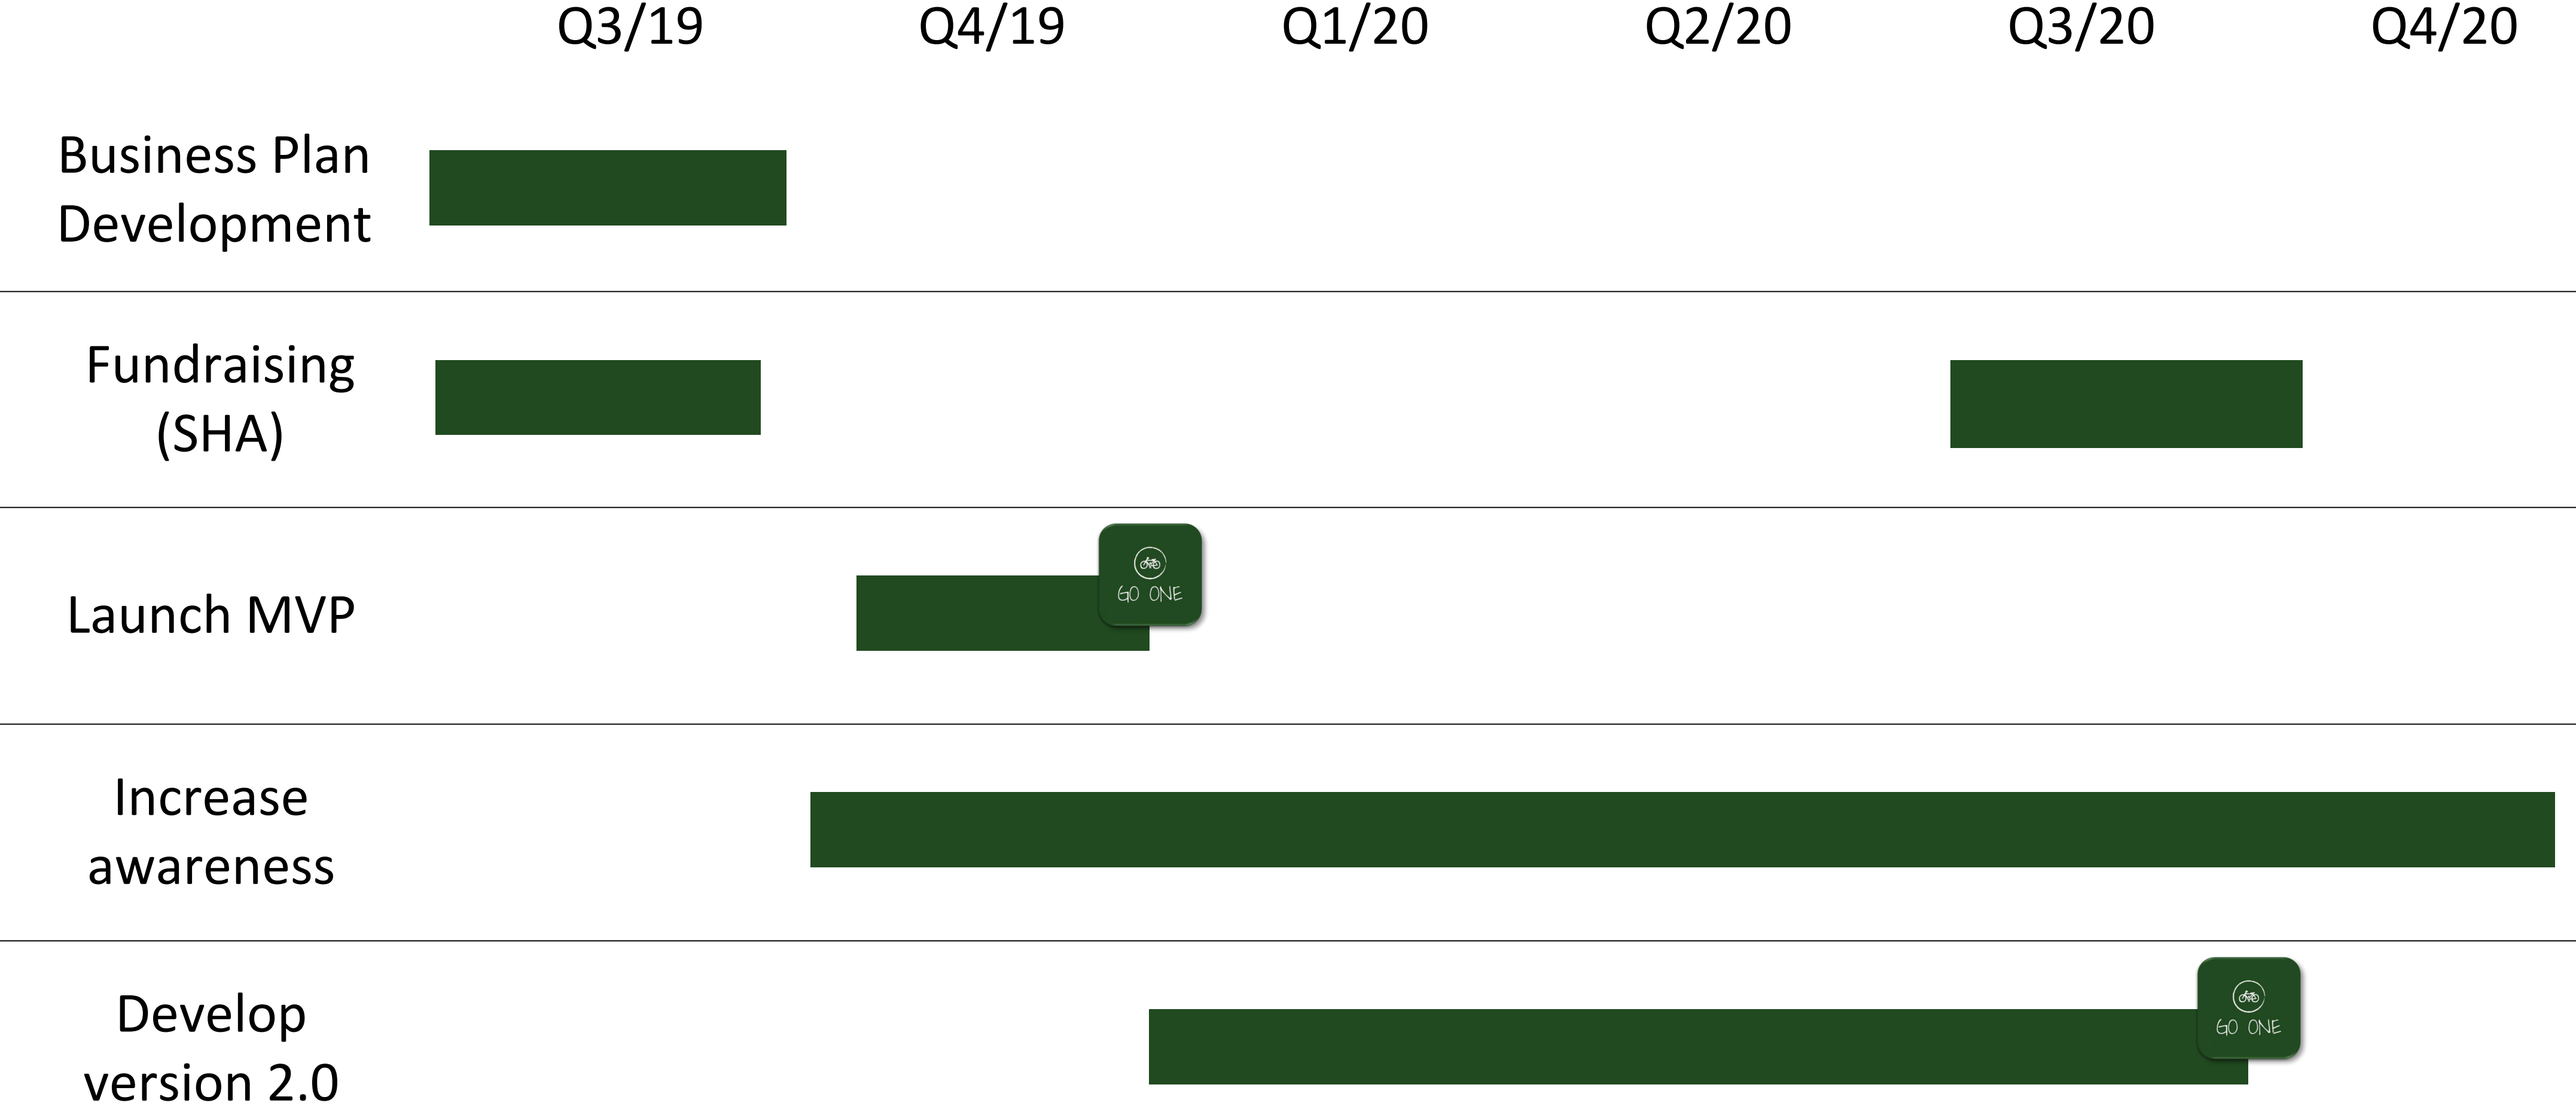

3 Increase usefulness for users by only having one account

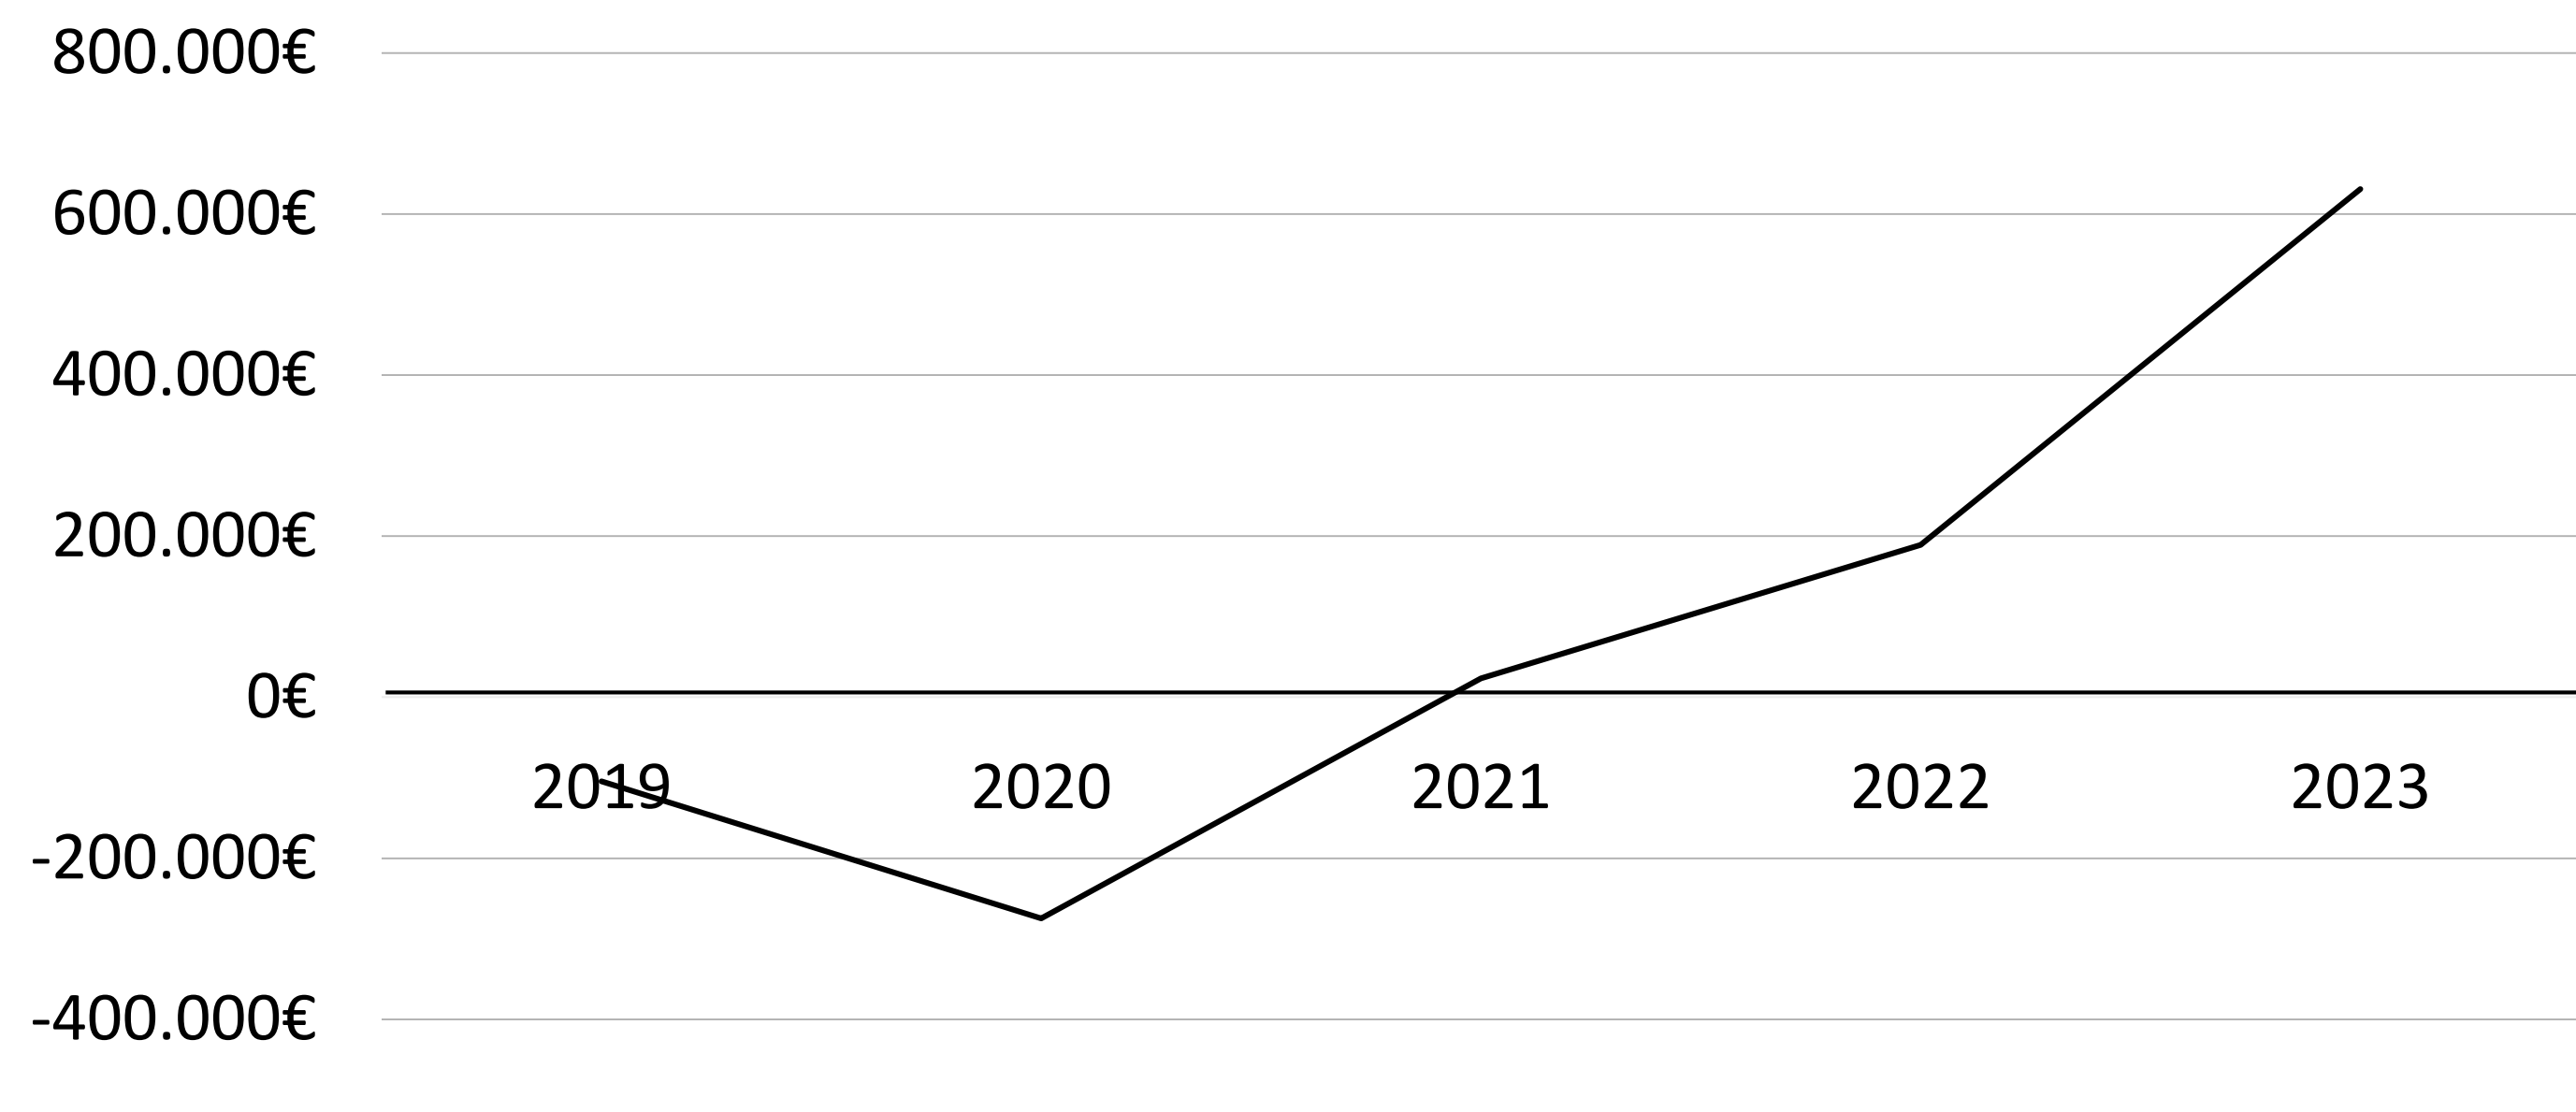

Sources: Apple Store, Google Play Store,
qnche.com, bikeee.de, urbi.co, free2move.com

We want to launch our MVP at the end of this year!

The calculation based on our key assumptions indicates a break-even in 2021

Gross Profit Analysis

0.01-0.015€ per redirected user

1.5% monthly market growth in Europe

Up to 20% market share in Germany

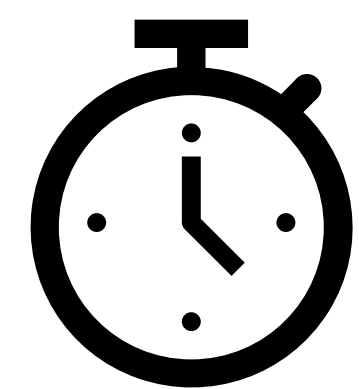

Up to 5% market share in certain parts Europe

	2019	2020	2021	2022	2023
Overall # of rides (in Mio)	75	91	277.4	800.9	1,313.6
# of rides with us (in Mio)	0	10	34.9	65.9	128.7
Yearly Revenue (in €)	0	104,509	523,555	989,268	1,930,974
